STATINTL

TO:   
Armed Forces Staff College  
Norfolk, Virginia

1. I wish to commend you for your outstanding performance of duty as an intelligence officer with the CINCLANT Contingency Operations from 24 October to 2 November 1962.
2. During this particularly critical period of the Cuban crisis, your professional competence and resourcefulness were demonstrated by the highly efficient manner in which you provided the special intelligence needs of the Joint Intelligence Section. Although involved with an unfamiliar geographic area, your enthusiastic response and devoted application to your duties without regard for normal duty hours or personal needs, contributed significantly to the rapid readiness of your office. As the only civilian in a large military office, your achievement in quickly and smoothly becoming part of the team is especially commendable.
3. I am aware that your contributions materially enhanced the joint operational effectiveness of the Atlantic Command Headquarters and reflects great credit upon yourself and your agency.
4. Accordingly, I wish to commend you for your outstanding service, and to express my appreciation for a job well done.

  
LOUIS W. TRUMAN

Lieutenant General, U. S. Army

Chief of Staff for Contingency Operations
